

Raynor Traditions Series™

16' x 7' Classic Colonial in Almond

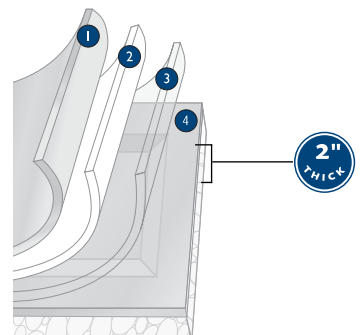

Constructed of high-quality materials with special attention to details and durability, Classic offers the standard features and upgrade options you might expect in a more expensive door. A unique stucco texture gives Classic a look all its own while you can customize your door with Colonial or Ranch panels, windows and other options to create your own "classic" look.

2" Thick Sections

Classic's door sections are made from heavy-gauge, hot-dipped galvanized steel sections with an epoxy primer and a baked-on polyester finish to resist rust and impact.

- 1 Baked-on finish
- 2 Epoxy primer
- 3 Galvanized layer
- 4 High-strength steel

Hardware

A galvanized steel track and durable, steel wheel, ball bearing rollers assure long-lasting performance.

Optional Insulation

A thick core of optional polystyrene insulation helps keep your garage quieter and more comfortable.

Section Joints

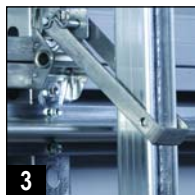

Classic comes standard with tongue-and-groove meeting rail joints that seal out the elements.

Bottom Weatherseal

A bottom weatherseal provides an effective barrier along the entire length of the door.

Hurricane Reinforcing Systems

Classic single car doors and double-car doors with lower pressure requirements incorporate high-strength steel U-bar reinforcement, for a Hurricane-Ready™ design.

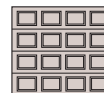

No Tools Required! 1. Classic double-car doors requiring higher pressures use a Removable Hurricane Post system to protect your home against hurricane-force winds. Installation is easy - no tools are required. When the time comes to ready your door, simply place the post(s) into position. (Posts should be stored near the door on the garage wall for convenient access.) 2. Slip header latch into position; 3. Place straps around post and secure with cotter pin. 4. Drop pin into floor. In a matter of minutes, your home will be protected from hurricane-velocity winds.

Sizes

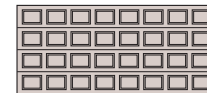

Heights: 6'-6", 7'-0", 8'-0"
Widths: 8'-0" - 18'-0"

Panel Styles

Standard Designs*

Colonial 1-car

Colonial 2-car
