When maximum security and visibility are primary considerations, choose our attractive rolling DuraGrille security grille. The grille pattern, available in straight or brick, offers an unobstructed view of displays and merchandise. DuraGrille security grilles offer protection against theft and vandalism, all with a contemporary look. DuraGrille security grills are ideal for store fronts; interior applications, such as concessions, cafeterias and retail shops; parking garages; and retail environments such as pharmacy, front end, and back end theft.

**Security**
This strong, lightweight, aluminum door is a premium theft deterrent over the competition, providing reliable protection against theft, vandalism and break-ins.

**Visibility**
A wide open viewing area provides customer appeal while allowing visual access of separated spaces.

**Aesthetics**
With multiple configurations and a variety of aluminum finishes to choose from, DuraGrille provides the visual aesthetics that are demanded in many high traffic area applications.
DuraGrille™

Application Guide

<table>
<thead>
<tr>
<th>DuraGrille Standard Features</th>

</thead>
<tbody>
<tr>
<td><strong>Grille</strong></td>
</tr>
<tr>
<td>Offered in a contemporary brick pattern or traditional straight pattern (left), grilles are constructed of 5/16” mill-finished aluminum rods with 9” center-to-center interlocking links.</td>
</tr>
</tbody>
</table>

| **Counterbalance System**     |
| A torsion-spring-operated system, enclosed in a structural steel barrel, effectively counterbalances the security grille for a minimum of 15,000 cycles. Higher cycle torsion springs are also available. |

| **Locks**                     |
| Manually-operated grilles are provided with slide-bolt locks. Other locking options are available. |

| **Aluminum Guides**           |
| Extruded aluminum guides are lined with a replaceable wool pile strip to reduce wear and provide quiet operation. |

| **Bottom Bar**                |
| An extruded aluminum bottom bar reinforces the curtain and provides smooth operation. |
### Model Options and Upgrades

**Increased Security**
6” center-to-center link spacing provides added protection.

**Auto Lock**
Auto lock prevents the curtain from being forced open.

**Anodized Finishes**
Upgrade to a bronze or clear-anodized finish for a brighter appearance and increased durability.

**Curtain Hood**
Optional curtain hood has rolled edges and is formed from 24-gauge, hot-dipped galvanized steel, or aluminum.

**Head Plate Cover**
Head plate covers are offered for an attractive, finished appearance and help to protect your investment by keeping out dust and grime.

**Operation**

**ControlHoist™ 2.0 Operators**
Raynor offers a full line of rugged ControlHoist 2.0 operators for jackshaft operation.

**Control Options**
A variety of control stations and remote-activation devices are available.

**Motor Cover**
Motor covers are helpful for noise reduction and provide an attractive look.

**Crank Operation**
Hand-crank operation is available on all DuraGrille security grilles.

**Chain Operation**
DuraGrille security grilles may also be hand-operated by chain.
